Big Lift Success Is Noted

One-Fourth Of Men Involved Have Arrived

FRANKFURT, Germany (AP) — The big American airlift of the 2nd Armored Division from Texas to Germany neared the end of its first 24 hours today with all goals met, senior officers announced.

By 3 p.m. (9 a.m. EST), 60 transports had landed with 3,588 troops, about one-fourth of the total involved.

The airlift overcame some foggy weather this morning by diverting five flights, but the Army said this did not interfere with the schedule.

As the weather brightened later, the steady stream of transports stepped up in pace.

At the same time, troops were taking over the tanks and other heavy weapons awaiting them. None of this was supposed to happen until Thursday, but five per cent of the job had been handled by noon.

West German Defense Minister Kai-Uwe von Hassel went to the Rhein-Main Air Base to speak with American officers and obtain a private briefing on how Exercise Big Lift was going.

He told newsmen Secretary of Defense Robert S. McNamara had convinced him that Big Lift is not intended to demonstrate that American forces in Europe could or would be reduced. This possibility has been of some burning concern to the West Germans.

Troops diverted to England were to be picked up later today.

Nearly Half Of Chicago's Pupils Absent

CHICAGO (AP) — Nearly half of Chicago's approximately 470,000 public school pupils were absent from classes Tuesday, most of them staying away in what Negro civil rights leaders claimed was the nation's largest school boycott.

The massive civil rights boycott was in protest against what leaders called the "growing school segregation in Chicago" and against the policies of Benjamin C. Willis, superintendent of public schools.

They claim that Willis, one of the nation's highest-paid public officials and in his 10th year as superintendent, is responsible for what they term de facto segregation in the public schools.

The boycott, with heaviest absenteeism reported in schools in predominantly Negro neighborhoods, was climaxed late Tuesday by a demonstration by an estimated 8,000 to 10,000 persons who marched around the City Hall-County Building and at the downtown offices of the Board of Education.

The marchers, both white and Negro, chanted, sang and displayed signs. There were no incidents. Rush hour traffic in the Loop was jammed.

EXERCISE 'BIG LIFT' UNDERWAY—Troops of the Second Armored Division board C130 jet transport at air base near Austin, Texas, for non-stop flight to Germany. Exercise "Big Lift" intends to move 15,000 combat troops and a million pounds of battle equipment to Europe in effort to prove U.S. capability for rapid reinforcement of Nato forces. (AP Wirephoto)

One In Quarry

Juveniles Admit Theft of 2 Autos

Two automobiles were stolen in Sedalia, Tuesday, and later one was found submerged in the old Menefee Rock Quarry about 10 miles northwest of Sedalia and the other was found abandoned on East Second Street, just west of Mill Street. About three hours after the last car was taken the thefts had been cleared up with the picking up of four juvenile boys, two 14 years old and two 15 years old who admitted their participation in the taking of the vehicles. Must Revamp US Foreign Aid Program

WASHINGTON (AP) — The Senate Foreign Relations Committee has advised the administration to overhaul its foreign aid program next year or face the possibility of Congress doing it.

The committee — the program's best friend on Capitol Hill — turned out to be one of its severest critics in a report recommending passage of a \$420,365,000 foreign aid authorization bill.

The report revealed that the committee seriously considered — but rejected — an amendment that would have terminated the aid program June 30, 1965, to force sweeping changes in its operations.

"The committee refrained from adopting this amendment in the expectation, which it hopes will not prove unjustified, that the administration will submit a fiscal year 1965 program to Congress which has been revamped in major respects," the report said.

For the fiscal year, starting next July 1, the committee specifically recommended the Agency for International Development curtail its program to eliminate from aid "countries which can take care of themselves." It said "even more selectivity among countries should be introduced."

Approves Bond Issue

ADRIAN, Mo. (AP) — Residents of Adrian, in the midst of a severe water shortage, overwhelmingly approved Tuesday a \$20,000 bond issue for improvements to its city lake and water system.

The vote was 362 for and 5 against.

Voters in Adrian have never failed to pass a bond issue.

Butler Needs Water

BUTLER, Mo. (AP) — The city council asked Tuesday night for emergency equipment to pump water from the Osage River to the city reservoir.

The drought has left the city with only water enough for four to six weeks.

The council asked the Civil Defense agency for use of pipe for a 9-mile line. It also passed an emergency ordinance to hike water rates to offset the expense of installing the line and pumping water for 90 days, estimated at \$70,000.

Butler was declared an emergency drought area last week by Lt. Gov. Hilary Bush.

Probes Strafing Of Ship

Cubans Claim Ship Carried Men and Arms

WASHINGTON (AP) — The government has launched an investigation of the strafing of an American-owned ship off the coast of Cuba early Tuesday morning.

There is no doubt the strafing was carried out by Cuban planes. Although it did not identify the ship, Havana radio said its air force attacked a vessel in the area.

The big question is why.

Havana claimed the ship was carrying saboteurs and arms. However, it was learned elsewhere that the vessel, the bulk carrier J. Louis, was steaming from Ocho Rios, Jamaica, to Corpus Christi, Tex., with 31,500 tons of bauxite ore, the raw material for aluminum.

The answer may be in an account given the New York Times by what the paper referred to as highly placed informants.

According to this version, the J. Louis was attacked when she accidentally sailed into the thick of a fight between Cuban coast defenses and a raiding party of Cuban exiles. Possibly four or five MiGs strafed the vessel because their Cuban pilots "in the heat of action" believed she was involved in an anti-Castro landing operation.

The owners of the vessel reported no casualties during the hour-long attack. Flares were dropped to light up the target. Shells damaged the superstructure and hull and set up a fire in the forecastle of the 33,000-ton vessel.

More may be known when the J. Louis, with its crew of about 50, arrives late tonight at Corpus Christi.

The incident jarred the quiet of Tuesday's first anniversary of last fall's Cuban crisis. The State Department deplored "this unprovoked attack on a vessel navigating the high sea" and said it was investigating to see whether a U.S. protest would be made.

Registered under the Liberian flag, the J. Louis is owned by Universe Tankships, Inc., of New York, and is chartered by Caribbean Steamship Co., a subsidiary of Reynolds Metals Co., as an ore carrier.

No Intention Of Recalling US Troops

WASHINGTON (AP) — Secretary of State Dean Rusk will publicly announce in West Germany later this week that the United States has no intention of withdrawing any of its 250,000 troops now in Europe.

The imminent Rusk statement disclosed Tuesday night by a high-ranking U.S. official, is designed to dispel German concern that the current airlift of 14,500 American fighting men from Texas foreshadows some future troop withdrawal.

German suspicions were aroused by a speech Deputy Secretary of Defense Roswell L. Gilpatric made last Saturday in Chicago. The Big Lift exercise, he said, may enable the United States "to make some shifts in the form of our military presence" overseas. As a result, Gilpatric said, the United States "should be able to make useful reductions in its heavy overseas expenditures."

The 31-year-old Cherches, who has a master's degree in public administration from the University of Kansas, was administrative assistant to the manager at Glencoe, Ill., before going to Holton.

WICHITA, Mo. (AP) — Mexico will have a new city manager Dec. 1.

Chris Cherches, city manager at Holton, Kan., for the past three years, has been appointed to the post vacated when W. Robert Semple left Sept. 6 to become city manager at Ypsilanti, Mich.

No negotiations on a 1964 allotment of surplus food commodities are scheduled.

The United States made available approximately \$60 million worth of surplus foods for the 1963 fiscal year. About \$27 million worth which entered into commercial channels and provided funds to the South Vietnamese government now appears subject to prolonged review.

The Weather

Fair to partly cloudy with little temperature change through Thursday. Low tonight 55 to 63. High Thursday in mid 80s. Southerly winds 8 to 15 diminishing tonight.

The temperature Wednesday was 63 at 7 a.m., and 82 at noon. Low Tuesday night was 63.

The temperature one year ago today was high 64; low 37; two years ago, high 72; low 47; three years ago, high 72; low 47; three years ago, high 73; low 44.

Lake of Ozark stage: 55.1 feet; 4.9 below full reservoir, no change.

More Sewer Bonds Pass Than Before

Work Being Done In Clean Water Drive by Cities

JEFFERSON CITY (AP) — Missouri cities already have voted more sewer bond issues this year than ever before in one year—and others are pending.

Jack K. Smith, director of the State Water Pollution Board, says there is more sewer improvement work going on in Missouri's clean water campaign than ever before.

He noted every major town in the entire length of the Missouri River either has voted or is voting to pass a bond issue.

Up to the end of September, 40 sewer bond issues had been approved in Missouri for a total of \$8,997,923.

Since then Jefferson City, one of the last cities along the river to get in step, voted a \$5.6 million sewer bond issue by a smashing three to one margin Oct. 8.

Another city, Valley Park in St. Louis County on the Meramec River, has set Nov. 5 for an election on \$253,000 worth of

(Please Turn to Page 4, Col. 7)

No Intention Of Recalling US Troops

WASHINGTON (AP) — The United States plans to cut down on surplus food shipments to South Viet Nam.

The new economic pressure is

part of a hardened policy, the object of which is persuading

Vietnamese President Ngo Dinh

Diem to reverse what high State

Department officials feel is a

trend toward totalitarian govern-

ment.

Official Washington is equally

concerned that Diem get on

with the job of defeating the

Viet Cong Communist guerril-

las.

The first evidence of the new

policy was announcement Monday that further financial sup-

port to the special force troops

controlled by Diem's influential

brother, Ngo Dinh Nhu, will be

withheld until the soldiers are

assigned to war duty. Some of

these crack paratroopers led

raids this summer against Bud-

diat pagodas.

The planned food restrictions

involve mostly wheat flour, cot-

ton and milk.

The Russian group is headed

by Sergi A. Borisov, first deputy

minister of foreign trade,

who negotiated the Soviet pur-

chase of Canadian wheat in Sep-

tember.

The shipping requirement

for wheat is about 20 to 30

cents a bushel higher than for

other grains.

This matter figures to be part

of the table talk when the Soviet

trade negotiators lunch with

Secretary of Agriculture Orville

L. Freeman and Undersecretary

of State George W. Ball.

The Russian group is headed

by Sergi A. Borisov, first deputy

minister of foreign trade,

who negotiated the Soviet pur-

chase of Canadian wheat in Sep-

tember.

The operation is presently su-

ervised by a college trained in

Hurricane Warnings Seen for Coast Area

Wrong-Way Ginny Loses Some Force

Storm Center Set 155 Miles to East Of Cape Canaveral

MIAMI, Fla. (AP) — Wrong-way hurricane Ginny, barely a hurricane force after losing strength during the night, moved slowly southward today on a collision course with Florida's heavily populated lower east coast.

A hurricane watch was posted for the coastal area from Cape Canaveral to Fort Lauderdale and forecasters said hurricane warnings might have to be posted during the afternoon.

There was a bare hope the confusing storm might loop-the-loop and miss Florida. But she was close enough that winds already were increasing and showers and squalls were becoming more frequent.

At noon, hurricane hunter aircraft placed the storm's center about 155 miles east of Cape Canaveral.

Ginny's peak winds near the center had dropped from 80 to 75 miles per hour during the night and her speed slowed from 10 to 8 m.p.h.

Forecasters said the hurricane was expected to slow its forward rate during the day. They said Ginny's center, unless a change in course developed, would reach the middle or lower east coast of Florida tonight.

"At least some possibility still exists that it could perform a loop and swing to the south and later on, to the east," said Gordon Dunn, chief storm forecaster at the Miami Weather Bureau.

"Also, we must stress that this is far from a major hurricane," Dunn said. "It is indeed a minimal hurricane. Even if it comes ashore, tides and winds will, for a hurricane, be minimal."

Forecasters said it was impossible to predict Ginny's course more than 12 hours ahead.

Gale warnings were displayed from Jacksonville to Palm Beach this morning.

Washington Capsules

By THE ASSOCIATED PRESS

WASHINGTON (AP) — In the news from Washington:

TAKE CARE: President Kennedy has urged scientists to help control the effects of their experiments for they may have "consequences of evil as well as good."

"Science today has the power for the first time in history to undertake experiments with premeditation which can irreversibly alter our biological and physical environment on a global scale," he said in a speech Tuesday before the National Academy of Sciences.

He cautioned that in attempts to modify the weather, for example, science must guard against the hazards of throwing nature out of balance — of creating drought or storm.

MOON PROGRAM: Linus Pauling, this year's Nobel Peace Prize winner, told the National Academy of Science the U.S. project to land a man on the moon "is a pitiful demonstration."

"Something is wrong with our sense of values when we plan to spend billions of dollars for national prestige," he declared Tuesday.

For the same investment, Pauling said, it would be possible "to answer 1,000 interesting and important questions about the human body for every one question answered about the moon."

NO CONFLICT: Secretary of Commerce Luther H. Hodges says he sees no conflict of interest in the Mediterranean cruise. Undersecretary Franklin D. Roosevelt took aboard the yacht of Greek shipping magnate Aristotle Onassis.

Roosevelt and his wife went on the vacation cruise with First Lady Jacqueline Kennedy and her sister, Princess Lee Radziwill.

The Commerce Department has dealings with shipping interests and in the past has been involved in transactions with Onassis.

MILITARY-RACIAL: Rep. F. Edward Herbert, D-La., says the Navy has officially rejected a recommendation by a presidential committee that it declare off-limits bars and other public places that discriminate against Negroes.

And the Louisiana congressman said the position of the Army and Air Force "is consistent with the negative attitude of the Navy."

The recommendation was made by the President's Committee on Equal Opportunity in the Armed Forces which suggested a number of ways for the armed services to eliminate racial discrimination in and around military bases.

State Officials Of NFO Won't Seek Re-election

NAPTON, Mo. (AP) — The Missouri chairman and two other state committeemen of the National Farmers Organization have announced they will not seek re-election.

The three, who have been critical of NFO operations, are Chairman Virgil Miller of Napton, Dale Ream of Unionville and Allen G. Spurgeon of St. James. They announced in letters to all NFO county chairmen Tuesday they will not seek new terms at the state convention in Warrensburg on Nov. 2.

In the letter, they said the NFO lacked a legal department; lacked coordination between the county and national levels in bargaining; lacked an effective procedure for disseminating information; and lacked a grievance committee.

"All decisions," they said, "should be carefully considered on the basis of maintaining grass-roots control of the organization."

Miller, Ream and Spurgeon were among 250 persons who attended a five-hour protest meeting Monday at Corning, Iowa, national headquarters of the NFO.

One change demanded at the meeting was the resignation of Oren Lee Staley of Rea, Mo., president of the NFO since 1955. There was no motion for his resignation, however.

Old Organ Increases Odd Family Holdings

BALTIMORE (AP) — What more could a household want which has an amateur radio transmitter, three ducks, 24 turtles, parakeets, tropical fish, fish, sand crabs and a dog.

Why a church organ, of course.

Donald H. Smith Jr., 19, a college sophomore, has been reassembling a 46-year-old organ in the basement.

"You never saw such a mess spread all over the house," said his mother, referring to 300 pipes ranging in length from an inch to 10 feet, a motor and compressor which required four men to move.

Then Mrs. Smith added: "We're a crazy family, but we have fun."

Freeman Doubts Wheat Program Will Be Passed

COLUMBUS GROVE, Ohio (AP) — An overwhelming majority of farmers want a wheat program but they have absolutely no concrete policies for such a program, Agriculture Secretary Orville Freeman said Tuesday night.

"The minority of farmers know what they want — nothing — and they are in there fighting for it," the secretary told about 2,200 who jammed every corner of Putnam County High School's auditorium.

He said he doubts Congress will adopt a new wheat program.

"Our whole basic problem is a new one, and a tough one — it is one of overproduction," Freeman said.

At the same time, the secretary said, there can be no such thing as surplus as long as there is hunger in the world.

Freeman said rural area development programs could hold the answer to some farm problems.

"We need to use land for new purposes. With city people having more money, more time, we country people have a service

World News In Brief

By THE ASSOCIATED PRESS

JAKARTA, Indonesia (AP) — Indonesia has parachuted crack army commandos into the jungle bordering Malaysian North Borneo, the official Antara news agency announced today.

It was the first reported parachuting of Indonesian troops into Borneo since President Sukarno's government began a military buildup in support of its opposition to the Malaysian Federation, formed Sept. 15.

Antara did not specify where the commandos were parachuted.

TOKYO (AP) — Premier Hayato Ikeda dissolved the lower house of Parliament today in hopes of strengthening his Liberal-Democratic party's already solid control.

Ikeda's move confronted the opposition Socialists with a national election next month and no major campaign issue. Japan's economy is in generally good shape and its foreign relations are relatively free of tension.

PARIS (AP) — A nationwide 24-hour rail strike hit France today as workers on the state-run lines applied pressure for higher wages and other benefits.

By dawn most long-distance and suburb train traffic had stopped.

The government is trying to hold the line against further inflation.

ELISABETHVILLE, the Congo (AP) — Four former members of the outlawed Katanga gendarmerie have been arrested for the slaying of five persons on the Jadotville-Elisabethville highway last Saturday.

The gendarmerie, or national police force, was the chief military arm of former Katanga President Moise Tshombe's secessionist movement.

Temporary House Waiting for Quints

ABERDEEN, S.D. (AP) — When the Fischer quintuplets are sent home from the hospital they'll go to a house with a big nursery in the northwest part of town.

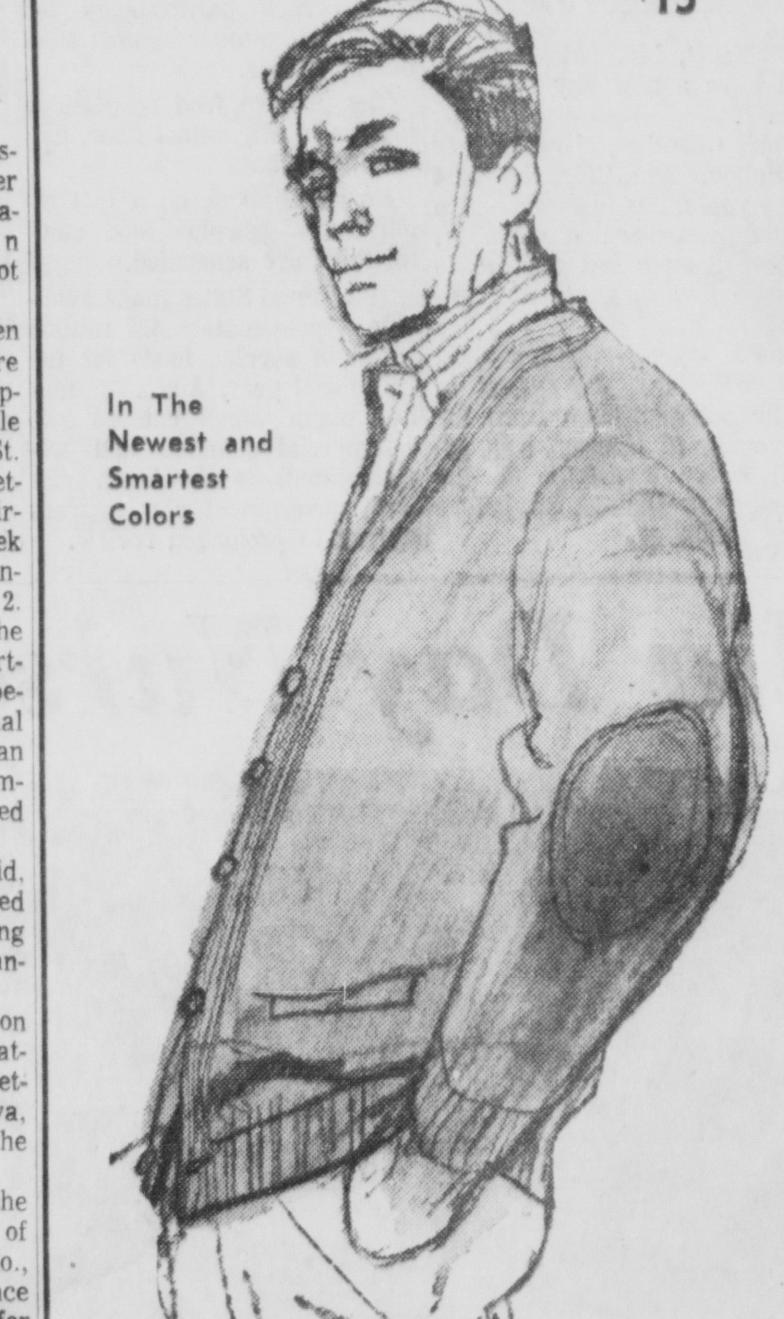

The location is still secret, but it was announced Tuesday that the temporary quarters will be used by Mr. and Mrs. Andrew Fischer and their 10 children until a new \$100,000 house given them by the city is completed.

The babies continue to do well in St. Luke's Hospital, where only the smallest, Mary Ann, remains in an isolette.

Syrian Spy Net Found In Israel

TEL AVIV, Israel (AP) — A Syrian spy net has been discovered inside Israel following the arrest 10 days ago of three armed Arab infiltrators close to the northern border, a police spokesman said today.

He said investigation showed that the three infiltrators had been sent by Syrian intelligence authorities and that more Arabs had been detained in the Acre area in northern Israel since then.

Pie Thief Throws Prize at Watchman

WORCESTER, Mass. (AP) — Night watchman Dennis Tsourides, making his rounds at a bakery heard noise in the shipping room and went to investigate. He found a boy about 18 heading for the door with a lemon pie in his hand.

Tsourides tried to stop him and caught the pie full in the face. The boy escaped.

stayed in college three weeks and then came home—like Vincent, who couldn't stay at camp.

My son has no friends, either boys or girls. All he wants to do is hang around with me and the other widows in my crowd. He is an overgrown baby and I am to blame. Thanks for letting me get this off my chest.—VINCENT NUMBER TWO'S MOTHER.

Dear Down: Tell your wife the noble experiment is over and now you will handle the money and give HER an allowance. Plan a budget and stick to it. And please don't fail to include a monthly payment to your parents.

Dear Mother: Getting it off YOUR chest doesn't do much for your son. This boy needs professional help and I hope you will see that he gets it.

Confidential to SHOULD I OR SHOULDN'T I?: You should NOT. Tell him to take a long walk on a short dock.

C 1963, Publishers Newspaper Syndicate.

Dear Ann Landers: I am a boy 17 years old who has never had a serious conversation with either of my parents. It seems incredible that people can live under the same roof for so many years and never experience an exchange of ideas, but I swear it's the truth.

My parents are both professional people, socially prominent and well-respected in the community. They are good speakers and in demand as lecturers. But they don't know how to talk to their own son.

I have tried to get my parents to talk to me but I've failed. They are polite, they clothe, feed and instruct me but they haven't the faintest idea of how I feel about anything.

My best friend's father never

saw the ninth grade. He works in an automobile factory. His mother is a dressmaker. Yet there is fun and laughter and real conversation in their home. They are all friends. What is wrong in our home? — HIGH WALL.

Dear High Wall: In a word—no communication. The time to start talking to children is the moment they are born. Parents who don't think their youngsters have any ideas worth listening to find one day that their children are strangers.

Educated parents are not necessarily successful parents. No course in college teaches warmth, love and how to give and share. Such feelings are caught—not taught.

Dear Ann Landers: My problem is a wife who's a spender. I work two jobs and make excellent money. I turn everything over to her and she gives me \$5 a week.

We are forever being dunned by bill collectors. We can't afford a really nice vacation or a new car, but we seem to have money for everything and anything a door-to-door salesman has to sell.

We borrowed money from my family five years ago to make a down-payment on our home. This debt has not been repaid and I feel rotten about it because I know my folks could use the money.

My wife is a good mother and a pleasant person but I'm tired with this physically and mentally with this disorganized, frustrating way of life. What's the answer?—DOWN IN THE DUMPS.

Dear Down: Tell your wife the noble experiment is over and now you will handle the money and give HER an allowance. Plan a budget and stick to it. And please don't fail to include a monthly payment to your parents.

Dear Mother: Getting it off YOUR chest doesn't do much for your son. This boy needs professional help and I hope you will see that he gets it.

Mrs. Gary Hayes

groom. Miss Hayes wore a gown like those of the bridesmaids.

The bride was given in marriage by her father. She wore a floor length gown of Chantilly lace over taffeta and tulle. The molded bodice was designed with long tapering sleeves and a scalloped Sabrina neckline. Scalloped lace tiers formed the voluminous cascade skirt. The bridal headdress was a crown of pearls, which held her imported illusion veil. She carried an arrangement of roses encircled by chrysanthemums. Her jewelry was a single strand of pearls.

Mrs. Roland Flenner, sister of the bride, was matron of honor. Her beige brocade sheath dress was accented with gold slippers. Her headdress was a short veil of matching beige in lace tulle. She carried a bouquet of chrysanthemums in cascade arrangement. Mrs. Sue Kehl and Mrs. Carol Harris were bridesmaids. Their gowns were styled like that of the matron of honor.

Mr. Curtis Hayes, Orange, Calif., brother of the bridegroom, was best man. Groomsmen were Mr. Elwood Hayes, Orange, Calif., and Mr. Max Gillian, St. Joseph.

Ushers were Mr. Bill Harris and Mr. Robert Kehl, Sedalia.

Miss Roxann Pritzel was flower girl and rings were carried to the altar by Mr. Harold Strathmann.

Mrs. Eckhoff's dress was a navy sheath with navy accessories.

OBITUARIES

Hulda Bahrenburg
(Cole Camp)

Mrs. Hulda Catherine Bahrenburg, 57, Cole Camp, died at her home there Thursday morning. She was born in Cole Camp, Sept. 12, 1906, daughter of the late August and Emma Holtzen. She was married to Louis Bahrenburg, Feb. 11, 1929.

Surviving are her husband, of the home; two daughters, Mrs. Ernest (Marvilee) Stoermer and Mrs. Ralph (Myra) Rambow, both of Cole Camp; three sons, Leeland, and Cleo Bahrenburg, Cole Camp; and Harland Bahrenburg, of the home; two sisters, Mrs. Elmer (Nora) Grotter, Cole Camp; and Mrs. Carl (Laura) Carver, Independence; a brother, Ervin Holtzen, Cole Camp; and five grandchildren. She was preceded in death by her parents and one grandchild.

Funeral services will be held at 2 p.m. Thursday at the Holy Cross Lutheran Church, Cole Camp, with the Rev. W. J. Boehne officiating.

Pallbearers will be Robert Holtzen, Melvin Brandes, Delbert Holtzen, Orville Moellmen, Elmer Zimmerschied and Ervin Schnakenberg.

Burial will be in the Holy Cross Cemetery.

The body will lie in state at the church after 1 p.m. Thursday.

Arrangements are under the direction of the Fox Funeral Home, Cole Camp.

NEWPORT, R. I. (AP)—Mrs. Joseph P. Kennedy says she wanted her youngest son, Edward, to be a priest but a blonde intervened.

Edward, better known as Teddy, is a U.S. senator from Massachusetts.

Mrs. Kennedy, mother of the President (and the attorney general) gave an illustrated lecture at Newport on a visit to London, Paris and Washington.

Showing a picture of the entire Kennedy family visiting the Vatican, she commented:

"With all these spiritual advantages, I had hoped that Ted would grow up to be a priest, but he met a beautiful blonde one night."

Boys Bow, Girls Win
As Otterville Opens
Its Basketball Slate

Otterville High School opened its 1963-64 basketball season Tuesday night with boys and girls games at Nelson. The host Nelson quintet knocked off Otterville's boys 47-22, but Otterville was able to salvage a 30-23 girls victory.

Nelson leaped off to a commanding 21-7 halftime lead in the boys game behind the hot shooting of Cotten, who pitched in a total of 15 for the night. High point man for Otterville was John Potter with 11.

Score by quarters:

Nelson ... 11 10 16 10-47

Otterville ... 3 4 6 9-22

Kay Cramer flipped in 14 points to lead the girls win for Otterville after Nelson had led 12-8 at halftime. High for Nelson was Dillard with 15.

Score by quarters:

Otterville ... 3 5 12 10-30

Nelson ... 5 7 4 7-23

Otterville's girls teams meet Russellville tonight at Otterville with two games on tap.

The boys see action Monday night at 6 p.m. in the Jamestown tournament as they face Mokane.

Discuss Rules,
Highways At
Optimist Meet

C. E. Klamm, Kansas City, district engineer of the Missouri Highway Commission, was the speaker at the Optimist Club Tuesday noon, at which time he discussed interstate, urban and county highways, and traffic rules.

Speaking of the Urban Plan he said when the bond issue was passed Highway 50 had already been completed from Limit to New York. The 65 bypass north is about completed and will probably be opened the middle of next month. Highway 65 from the railroad overpass south to Broadway and Limit has been completed but not officially opened to the public.

Right now, he continued, negotiations are in progress for rights-of-ways on Highway 50 from New York Avenue to the railroad underpass. They have completed negotiations with nine and are negotiating with the tenth. This section will probably be under contract next spring for a four lane highway with parking lane east on Broadway from New York, crossing Marshall avenue to the underpass.

The right-of-ways are being appraised on the Highway 65 spur to Ohio Avenue for the widening of Main Street as far as Prospect Avenue. Appraisals will soon be made along the route from Ohio north to Highway 65, also.

Klamm stated that Missouri now has 32,000 miles of highways and is at the top among states with road mileage. Most states have only 10 or 12 thousand miles. He also called attention to roads and proposed roads in Pettis County.

With the use of a map Klamm pointed out the interstate system that is 41,000 miles across the United States which will be completed in 1972, and of this 1,105 miles are in Missouri tying together Kansas City and St. Louis. This highway is all under contract in Missouri except two places, he said, one near St. Louis and one near Kansas City, and will be completed by the end of 64. Another part is interstate 44 between St. Louis and Springfield.

Klamm told of the states getting together on signals and they are beginning to change the signs to comply with the national signs and signals everywhere according to the Manual of Uniform Traffic Controls. This will correct a condition wherein one state has certain signals and the next state entirely different ones, creating confusion for anyone going from one state to the other. If the rules of the bureau are not met, of losing federal funds. This, he said, the state runs the risk of losing federal funds. This, also, holds true for speed regulations, Klamm stated.

In referring to speed limits, Klamm mentioned that tests are made and when a speed limit is too low a large per cent of the drivers violate them, but when they are reasonable people try to stay within that limit.

All states should have the same rules, he continued, such as location of traffic signals so the drivers will know where to look, and the passing zone designated by the yellow line. That line, he said, should be at the same place on all highways.

The states got together, the counties got together and the cities got together trying to standardize traffic signals and have finally got a manual, and the Missouri Highway Commission is going according to that manual, he said.

Ed Mitchell, president, presided, and invocation was by Lee Deason. Joe Forsee led the singing with Miss Lillian Fox at the piano.

Burial will be in the Bunceton Masonic Cemetery.

W. Arch Lockard

Funeral services were at 2 p.m. Wednesday at the Gouge Funeral Home in Windsor for William Arch Lockard, 74, Windsor resident, who died Tuesday. The Rev. E. O. Farrier and the Rev. Richard Lamborn officiated.

Burial was in Lincoln Cemetery.

Mrs. Sarah Burch

Funeral services were at 2 p.m. Wednesday at Sweeney-Phillips Chapel in Warrensburg for Mrs. Sarah Alice Burch, 77, Warrensburg resident, who died Tuesday. The Rev. E. O. Farrier and the Rev. Richard Lamborn officiated.

Burial was in Lincoln Cemetery.

David C. Fry

Funeral services for David Clark Fry, 26, Bunceton, who was found dead Monday, will be held at 2 p.m. Thursday at the Hays and Painter Chapel, Pilot Grove, with the Rev. Emil Abele to officiate.

Burial will be in the Bunceton Masonic Cemetery.

William A. Haeslip

Funeral services for William A. Haeslip, 77, 1022 East Ninth Street, who died Sunday night, were held at the Ewing Funeral Home at 2:30 p.m. Wednesday.

The Rev. Hugh Jones, pastor of Epworth Methodist Church, officiated.

John Vandekamp sang, "God Be With You Till We Meet Again," accompanied by Mrs. Duane Ewing at the organ. Burial was in Memorial Park Cemetery.

NEWSPAPER ENTERPRISE ASSN.

Juveniles

(Continued from page One)

the police received another report of a stolen car, a 1957 Chevrolet sedan of Kenneth Cordry, 2401 West Second, which was reported by Mrs. Cordry as having been taken sometime between 12:45 o'clock and 3 o'clock in the afternoon. A call had been received earlier that four boys were seen driving an automobile and none believed to be old enough to drive a motor car, and a few minutes after the stolen report was received another call was received that a car was parked on East Second and some boys got out of it.

Officer Charles Knapp having received the report of the stolen car started out west and then received the call it had been spotted on East Second. Turning around he came upon two boys at Main and Missouri, and stopped to question them about not being in school.

Knapp said, "I couldn't figure why the boys would be down there at that time of day and knew that they couldn't have gotten that far from school from 3:15 o'clock. Then I heard the report of the car being found and decided to take the boys to police headquarters and let them sit until further investigations could be made."

Chief Ralph Hamlin had called for Knapp to go to the car and try to get some fingerprints. Arriving at the car he told Chief Hamlin he thought he might have the boys at police headquarters. Hamlin had already notified Couts of the second theft when he was enroute into town, and Couts had gone to the service station to check the first car.

Hamlin went on to police headquarters and talked to the first two boys and they admitted taking the second car and at first denied the theft of the first car. Couts arrived at police headquarters and told the boys of them being seen near the quarry of the car that picked them up and brought them part way to town and other evidence. The boys then readily admitted the theft of the first car and implicated the other two. The other boys were later picked up and Couts also admitted their part.

The boys said they took the first car between 8:30 and 9 o'clock, and that it accidentally rolled into the quarry sometime between 9:30 and 10 o'clock. The second car was stolen about 1 o'clock in the afternoon. Cecil Glenn, Juvenile Officer, was notified and he also questioned the boys and they admitted to him their part in the two car thefts. Glenn ordered all four boys held stating he would prefer charges against them Wednesday morning in connection with the two cases.

Deputy Sheriff Couts and Deputy Virgil Morris then transported the four boys to Marshall where they were held in the Saline County jail because there was no place to hold the boys in the Pettis County jail.

The two car thefts were solved within three hours after the first report and within 45 minutes of the last report.

● Accidents

Two cars were damaged in a collision at 9:30 a.m. Wednesday at Broadway and Grand.

Involved, according to police, were a 1963 Mercury, driven east on Broadway by Charles C. James, 47, Elburn, Ill., and a 1956 Dodge, driven north on Grand by George R. Gunn, 56, Route 5.

Police listed damage to the front of the James auto and the left side of the Gunn car.

Police listed damage to one car in a minor accident at Plaza and Golf at 10:30 a.m. Wednesday.

Involved, according to police, were a 1952 Dodge dumptruck, owned by the Atkinson Construction Company and driven by Loren P. Dority, Route 1, Edwards, and a 1957 Plymouth, driven by Beryl L. Thomas, 33, 2607 Stephenson.

The hood and grill of the car driven by Thomas was damaged when the truck backed up, police indicated.

Lester P. Stafford, 57, Versailles, received severe head lacerations when the truck he was driving overturned in a ditch three miles east of Cole Camp on Highway 52 about 6:23 p.m. Tuesday.

According to Highway Patrol reports, Stafford was driving a 1955 Dodge east on Highway 52 when a tire blew out, causing him to lose control of the vehicle. The truck went into the ditch, where it overturned. The vehicle was demolished.

Stafford was rushed to Bothwell Hospital in the Fox ambulance and received treatment from Dr. Watson of Versailles for severe lacerations of the ear and lower lip and a contusion of the right eye. He was admitted for further observation and treatment.

The damage case was the result of an auto accident Nov. 21, 1961, at Broadway and Grand.

Frank Meyer was attorney for plaintiff.

Now Carries
His Sentiment
To Capitol

FARGO, N.D. (AP)—A republican farmer who campaigned against Kennedy administration policies now carries his sentiments to Washington as North Dakota's new congressman from the state's eastern district.

Mark Andrews took a slim early lead and built it into a near-5,000 vote margin over Democrat John Hove, a college professor, the third such match won this year by Republicans across the nation.

Andrews hammered away at the Kennedy farm, economic and foreign aid programs. Harking back to last spring's defeat of the wheat referendum, he has been a constant critic of Secretary of Agriculture Orville L. Freeman, calling for more farm say-so at farmer levels instead of from Washington.

Incomplete returns from 915 of 1,076 precincts in Tuesday's special election gave Andrews 43,659 votes, Hove 38,690, conservative Republican John Scott 5,512 and independent Thomas Dewey 331.

Fears that Scott might pull enough votes away from Andrews to let Hove squeak through to victory proved groundless. With his own tally added to the ballots cast for Scott, Andrews would have cleared the hurdles in about the same pattern that won the Republicans this same House seat a year ago.

Scott filed because he said the GOP convention failed to nominate a man he considered conservative enough.

Andrews, former North Dakota national GOP committeeman, stands 6-4 and weighs upwards of 230. Hove, 47, an English professor at the state university here, conceded to him at 9:30 p.m., 90 minutes after last polls had closed.

Victory by Andrews, 38, continued a near-perfect North Dakota record of sending only Republicans to the House of Representatives.

Quentin N. Burdick was the only Democrat to break the chain since the state entered the union in 1889, winning a statewide vote in 1958 and jumping to the Senate in a special 1960 election.

Since the lush farming region is so predominantly Republican, it was difficult to gauge

Newsmen Meet Interesting People, Writer Relates

By CHARLES T. BURNS
BOSTON (AP)—When you're in the news business, a lot of people on learning how you make a living exclaim something like: "Boy, you get to meet a lot of interesting people, don't you?"

Well, let's see. There was the time in Newark, N.J. It was our custom to eat in a certain downtown restaurant. One night, a friend pointed across the room and said "there's Dutch Schultz." It

could just as well have been some German braumeister to us, but that name came up recently during the testimony of gangland informer Joseph Valachi.

Within a couple of weeks Schultz, or more accurately, Arthur Flegenheimer, was forced a lot of lead, right in that restaurant.

Seems you do run into all kinds, at that.

Again, maybe this is an oddment worth recalling. In 1933, when former President Calvin Coolidge died, it was the custom and probably still is, to sound minute guns all day at military installations around the world on the presidential funeral day.

And, at formal retreat, to let go with a volley of 48 rounds—it must be 50 now since it is meant to signify the sorrow of all the states. Anyhow, at Schofield Barracks in the now-state of Hawaii, the volley went off at retreat per regulations.

And, with the sound of the last shot, the rope holding the flag broke and the national banner fluttered to the ground. Any significance comes from the fact that Schofield Barracks was the last place under the American flag to perform the ritual that day.

Then there was the woman who took a rather morbid view of old age. Upon her 11th birthday, a reporter asked the usual question about how she had lived so long.

"I'm the woman God forgot," was the devastating reply.

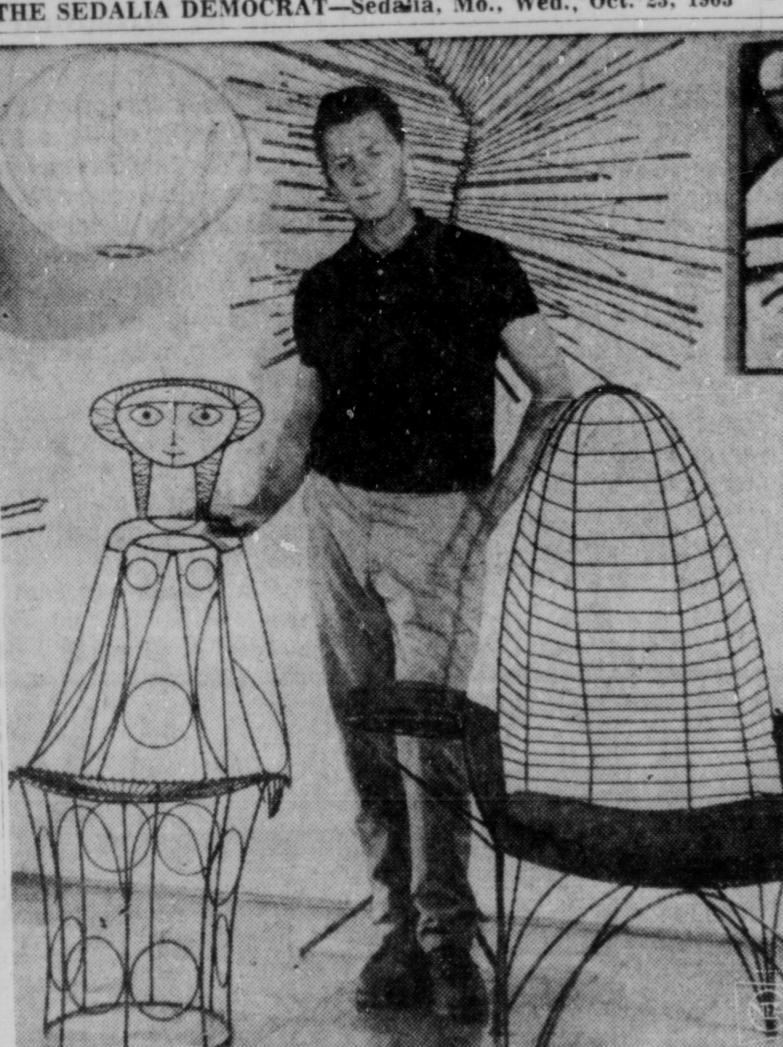

There are times in a newsman's career when he's out of work. And before public relations came to be a big thing, the only way to get a job was to travel around to the newspapers. During one such hiatus, there was an eyebrow lifting incident in a scrubby little restaurant in Nevada.

The man who had given the out-of-work journalist a lift in a ranch truck through the mountains insisted on buying lunch for his traveling guest, himself, and his son.

The driver had repeatedly told how you get three times the good you dispense.

Came lunch at 35 cents each—total \$1.05.

Then the philosophical, but chance-taking benefactor, threw a nickel into the slot machine. Out came the jackpot—total \$3.15. Three times the lunch expense, to the penny.

CHAIR ART—Free form design is important in modern house furnishings, and one of the experts in the medium, John Risley, professor of art at Wesleyan University in Middletown, Conn., poses with some of his creations. The wire lady chair, left, and lounge chair, right, were designed for comfort as well as a striking appearance.

Minister Told To Leave After Rapping Speaker

KANSAS CITY (AP)—A minister was ordered from a suburban teachers meeting Tuesday night when he tried to challenge from the floor a speaker's criticisms of the John Birch Society.

The speaker, Barbara Holliday, a reporter for the Detroit Free Press, told of disguising herself as a Birch society member and attending their meetings for five months, and said it thrived on alarm, defeatism, political reaction and dogma, "using communistic techniques ostensibly to fight communism."

When she finished, The Rev. Robert I. Hatch, who identified himself as a Presbyterian minister, was the first to respond in a question and answer period.

Hatch continued to speak from the floor, and Vick ordered him to leave.

"I am opposed to what the speaker has said, and would like to give the other side," the minister persisted.

Threatened with ejection, he left the meeting.

Arsonist Threatens He Will Try Again

PARSONS, Kan. (AP)—"Next time I set a fire, I'll get the building," a voice shrilled Tuesday when Mrs. Mary Keegan, an employee in the office of the city clerk, answered the telephone.

Frank Washburn, chief of police, said the caller was probably a crank.

But a fire caused minor damage in the basement of the municipal building Saturday, and Fire Chief Ted Baze said it was the work of an arsonist.

Mrs. Keegan and Mrs. Mildred Vance, city clerk, who listened in, said the caller sounded like an old man.

ciation, advised the minister that it was not a public meeting and accused him of attending expressly to embarrass the speaker.

Hatch continued to speak from the floor, and Vick ordered him to leave.

"I am opposed to what the speaker has said, and would like to give the other side," the minister persisted.

Threatened with ejection, he left the meeting.

It's a Young Folks' World, According To The Mailbag

By HAL BOYLE
NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Life may begin at 40—but more than half the people on earth today haven't reached their 26th birthday. It's a young folks' world.

We think we have a parking problem, but Britain has even more crowded roads—one car to every 38 yards of highway, street and country lane.

Starting about 1850, Amelia Bloomer crusaded unavailably until her death in 1894 to make "bifurcated garments."

Our quotable notables: "My life has been happy because I have had wonderful friends and interesting work to do." —Helen Keller.

The alarm clock isn't new. It has been around since 1787.

One-way streets aren't of recent vintage in this country either. Manhattan had them way back in 1791.

You can win money from your bartender by betting him he can't name the man who invented the first U.S. voting machine. It was Thomas A. Edison.

Educational bargain: The \$10,000 or so it costs to get through college is still a sound investment. Insurance companies estimate a college degree adds from \$175,000 to \$200,000 in lifetime earnings to the average graduate.

How they got started: Bright Bardot was a model. Nikita Khrushchev was a coal miner. Opera singer Joan Sutherland worked briefly as a secretary. Actor James Stewart hauled bricks.

Six million Japanese have taken up golfing. Nippon now has 308 courses, and ranks third in the sport behind the United States and Great Britain.

Popular with the ladies, while their famous bloomers evoked snickers, she finally has won her point. Americans now produce 75 million pairs of women's slacks and shorts a year.

Nature's burglar: The skunk is so "light-fingered" it can rob a sleeping hen of her newly hatched chicks without waking her.

You can win money from your bartender by betting him he can't name the man who invented the first U.S. voting machine. It was Thomas A. Edison.

It was Ed Wynn who observed: "What a country needs is a good five-cent nickel."

Ever wonder why skinny people seem able to eat more than their chubby brethren and still not gain weight? A Danish

Pohl Becomes Member of Salesmen's Club

Floyd Pohl, a salesman for Thompson-Green Lincoln-Mercury, Sedalia, has earned membership in the "100 Club," a group of outstanding salesmen in Lincoln-Mercury dealerships, R. E. Dudley, St. Louis district sales manager for Lincoln-Mercury Division, said today.

The local salesman's proficiency placed him among the top third of all Lincoln-Mercury salesmen and earned him special recognition from the Lincoln-Mercury Sales Council.

Scientist believes the reason is that, lacking the protective layer of blubber found on fatigues, the work will be done by the boys.

Nina Grimes, secretary, gave a report of the past year's accomplishments. A card was signed for a shut-in. Hostess months were drawn.

The Boys Club will have a float in the Christmas parade as well as other activities for this affair. The float will be prepared under the direction of Bob Moore, art instructor and the work will be done by the boys.

The Club received a heavy bag, a speed punching bag and a dart game through the cour-

community affairs is one of the projects of Boys Club.

Editor of Al Soanka boxing coach. These articles will receive much attention from the boys.

At the Wednesday evening meeting the Boys Club board Ralph Walker and Gene Sullivan Boys Club directors from Chicago were in attendance. Sixty boys enjoyed a treat of ice cream through the courtesy of Theodore Wells, Liberty park concessionaire.

Large number of boys are taking advantage of the reading room. Several new books and magazines have been received and are being read by the boys.

The Club received a heavy bag, a speed punching bag and a dart game through the cour-

spending habits are fairly typical of the 9 million boys aged 14 to 17, who, along with teen-agers, buy \$3.6 billion worth of apparel.

Some of the teen-agers spend \$1.2 billion a year on everything from hot cars to clothes.

They have a tendency to follow the leader in the group," says Donald, "Some people buy tight pants, and then we all will."

Despite the tendency to follow the leader and an affinity for fads, teen-agers generally get an "A" from market analysts for their purchases.

Hot Dogs to Cars

Teenagers Spend Billions, Boosting American Economy

Clothes are the top spending item for both boys and girls. They use their money except for big ticket items such as cars, houses and dresses.

"They latch onto fads but these fads have to be in good taste."

Girls spend \$300 million a year, an average of \$29 each, on phonograph records, accounting for 50 per cent of all record sales.

They spend \$180 million a year buying one-fourth of all

greeting cards sold.

Their annual bill for apparel is \$3.6 billion and for footwear \$562 million.

Teen-agers, representing 11 per cent of the female population, account for 22 per cent of women's cosmetic sales.

All told, 11,116,000 girls spend \$6.3 billion a year.

As for boys, it is estimated that 50 per cent of high school seniors own cars, 86 per cent own or use a camera, 39 per cent own a rifle or gun, 72 per cent own hair tonic, 17 per cent own electric trains and 17 per cent own typewriters.

Cowboys Generous

Missouri Hangs Onto Ball, Shows Value of Possession

By JIM VAN VALKENBURG
Associated Press Sports Writer

Oklahoma State is the Big Eight's most generous team at giving the football away on fumbles and interceptions, and Missouri is the stingiest.

This is just one reason why the Cowboys are without a victory in four games while the Tigers, beaten only by Northwestern, are a prime title con-

tender. It helps show the value of ball possession.

Oklahoma State has lost 10 fumbles and four of its passes have been stolen, for an average of 3.5 times a game. Colorado is giving the ball away 3.4 times a game, Oklahoma 3.3. Kansas, Nebraska and Kansas State all have given it up 2.8 times a game. Iowa State 2.2. Missouri 2.0.

Colorado is in the odd position of losing the most fumbles, 15 in five games, while having the fewest interceptions, with two. The Buffs also have been the most fortunate, getting the ball 2.8 times a game from other clubs on fumbles and stolen passes, while Iowa State has been given the ball the fewest times, nine, for a 1.8 average. Nebraska remains the league's best club at moving the ball

Here are the 2-3-4 teams in each category: Rushing offense — Oklahoma 210.5, Colorado 200.8 and Kansas 194.0. Passing offense — Nebraska 79.4, Kansas 79.2 and Oklahoma State 76.5. Total offense — Kansas 273.2, Colorado 264.6 and Oklahoma 264.5. Rushing defense — Missouri 98.8, Colorado 148.2 and Iowa State 160.4. Passing defense — Oklahoma 84.3, Iowa State 84.6, Kansas 102.8. Total defense — Missouri 220.4, Iowa State 245.0 and Oklahoma 271.3. Pass completion percentage — K-State 50.9, Missouri 48.4 and Nebraska 42.9.

K-State has the best team punting average at 41.1, Oklahoma State leads with only 18.5 yards a game penalized and Oklahoma has been penalized the most, 64.5 a game. Nebraska leads in scoring with 26.8 points a game. Oklahoma has 19.0, Missouri 18.4 and Kansas 14.6. Nebraska has allowed only 18.2, Missouri 9.2, Iowa State 12.6, Kansas 13.8.

"I just don't see how anyone can beat Arnie and Jack on this course," said left-hander Bob Charles of New Zealand, the British Open champion. "There is no penalty for a wild shot. They can just stand up there and crank it."

Gary Player of South Africa agreed.

"Take any course in the world and you have to go with Palmer and Nicklaus," said Antonio Cerdá of Mexico.

"It seems just a question of which one, Palmer or Nicklaus, wins the individual title," put in tall Al Balding of Canada.

"They've proved they're the best — who's going to beat them?"

Thus the odds swung heavily in favor of Palmer, all-time leading money winner, and Nicklaus, at 23 winner of the U.S. Masters, Open and PGA crowns, in the annual international competition among hand-picked two-man teams from all parts of the world.

The four-day, 72-hole tournament opens at 9 a.m. Thursday over the 6,834-yard, par 72 Saint-nom-la-Bretèche course, which only recently was carved out of grazing grounds and potato patches of Louis XIV's farm yards near Versailles.

Thrown together as partners for the first time but still keen rivals for world golf honors, Palmer and Nicklaus are aware of their rather unusual situation.

"Certainly, I'd like to win the individual title," said Palmer, "but my first consideration is for the team. Jack and I will help each other all we can with the idea of winning for the United States."

Many Teams In State Women's Bowling Tourney

COLUMBIA, Mo. (AP) — A record number of teams has entered the 23rd annual Missouri Women's Bowling Tournament which opens Saturday for eight weekends of competition.

Mrs. Lorraine Painter of Cameron, the secretary, announced 740 teams are entered, 291 more than last year. Missing will be the defending champions — Hickory in Class A and Weldon in Class B, both of Poplar Bluff. Class A teams are composed of those with an average of 676 or higher.

The doubles, singles and all-events champions will be back. They are Mrs. LaVera Carter, St. Louis in singles and all-events and Misses Dorothy Schmidt and Pat McMasters, both of St. Louis, in doubles.

Opening the play Saturday at the Town and Country Lanes will be 108 teams. The doubles and singles players will take over Sunday.

The annual state meeting of the Missouri Women's Bowling Association will be held Nov. 9.

Houk General Manager

Yankee Youth Movement Extends Into Front Office

NEW YORK (AP) — The New York Yankees' youth movement had extended to the front office today with the naming of Ralph Houk as general manager and the imminent announcement that Yogi Berra would succeed Houk as field leader.

Houk, 44, received his promo-

Wilkinson Named Back Of the Week

NEW YORK (AP) — Duke's Jay Wilkinson was named Back of the Week today by The Associated Press for a brilliant one-man show that earned this tribute from losing Clemson Coach Frank Howard:

"I am damned glad I don't have to look at that Wilkinson any more — he's a great runner."

Howard had to look for four periods as Wilkinson, although weakened by a virus and still slowed by a leg injury suffered the previous week, led the Blue Devils to a 35-30 triumph that earned him the Back of the Week designation in a close battle with Georgia passing whiz Larry Rakestraw.

Wilkinson, son of Bud Wilkinson, Oklahoma coach raced 67 yards for one touchdown, scored a second on a 28-yard pass and set up a third with a 69-yard kickoff return. In all, he rushed for 114 yards in 14 carries and returned two kickoffs 99 yards.

Wilkinson made his most damaging run on the first play from scrimmage in the second half. Duke led only 21-17, when he sped through the Clemson line 67 yards for the touchdown that broke the high-scoring game wide open.

Rakestraw set an NCAA record and three Southeastern Conference records in Georgia's 31-14 victory over Miami of Florida. The Bulldog quarterback amassed an NCAA record of 407 yards in the air as he completed 25 passes.

His passing yardage and number of completions broke SEC records and he tacked on seven yards running to break the SEC total yardage mark. Rakestraw scored two touchdowns and passed for a pair on 66 and 28 yards.

Foxx Stricken

ST. LOUIS (AP) — Jimmy Foxx, 56, a member of baseball's Hall of Fame, was stricken with a heart ailment Tuesday. A spokesman at Faith hospital in St. Louis said today his condition was satisfactory.

Foxx, who compiled a lifetime batting average of .325 over a 20-year span in the major leagues, suffered a mild heart attack in September of 1959.

The former slugger came to St. Louis Sunday to attend testimonial dinner for Stan Musial, the St. Louis Cardinal star who retired at the end of the past season.

after I got out of the hospital." Hamey, 61, underwent a gall bladder operation that summer. He succeeded George Weiss as general manager in October 1960.

A Houk-Berra combination would form the youngest front office and field tandem in baseball.

All principals except Berra

were present Tuesday at an elaborate news conference in a plush midtown hotel where Roy Hamey tearfully announced his retirement as general manager and club president Dan Topping named Houk as Hamey's successor.

Houk, who led the club to three pennants and two World Series championships in three years at the helm, acknowledged his successor had been chosen but refused to reveal his identity.

Another Yankee official, however, informed The Associated Press that Berra was the man. Yogi, who served a year's apprenticeship as a coach last season, in his 17th year with the Yankees, could not be reached for comment.

The AP informant said Berra was chosen because of "his keen mind, sound baseball theories, ability to get along with people and general popularity."

Houk was given a four-year contract calling for an annual salary of \$50,000. Berra, who has been earning from \$40,000 to \$50,000 a year as a player for the past eight or nine years, is expected to sign a two-year contract for around \$45,000.

"I accepted the front office job because it presents a challenge to me," said Houk. "I just hope I can do the job for the next manager as well as Hamey has done for me."

Houk said he was first approached about the new job as far back as October 1962, during the World Series between the Yankees and San Francisco Giants.

Final decision was reached in Fort Lauderdale, Fla., during spring training in 1963.

"I figured there's more security in a front office job," Houk said grinning. "It seems to me a lot more field managers get fired than general managers."

The saddest man at the press conference was Hamey, who gave ill health as his reason for retirement.

"I had been thinking of retiring as far back as five years ago," he said. "I made up my mind definitely in July of 1962

The Business World

Credit Card Business Beginning to Firm Up

By JACK LEFLER
AP Business News Writer
NEW YORK (AP)—The credit card business is firming up after going through some rocky times.

This is due mainly to two factors: The card companies have weeded out the bad risks that cut into their profits in the early days of the business.

New Internal Revenue Service regulations on expense accounts have made substantiation of certain expenditures necessary.

And, says Howard L. Clark, president of American Express Co., which is observing the fifth anniversary of its entrance into the credit card business: "The rise in credit card use is a re-

Chet, David, Walter Vie For Viewers

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—One of the hottest battles in network television involves the two big early evening news programs.

Heading the NBC team are Chet Huntley and David Brinkley. Walter Cronkite leads the CBS forces.

In many cities around the country, the shows are seen at the same time. In the New York area, Cronkite comes on a half hour ahead of Huntley-Brinkley. In our house, the choice depends entirely on the hour when dinner is served.

Both programs have approximately the same size audiences, with perhaps a slight edge for NBC. News program audiences are nowhere near the size of popular entertainment shows like "Beverly Hillbillies" and "Bonanza" but news shows are vital to the networks because they give prestige and status.

Each show covers in abbreviated form the headline news of the day. Tuesday night each program opened with stories about the plane attack on the U.S.-bound freighter. Each had resumes of the day's civil rights developments. Each touched on Tito's U.N. visit, the British jet crash, the transatlantic troop airlift.

NBC had some shots of President Kennedy making speeches, CBS found time for a filmed feature about a salvage operation on a Civil War gunboat.

Obviously one's choice of program when they are broadcast simultaneously must be a preference for the style of those who read the news. Some like Chet Huntley's sober, incisive way with a short sentence or David Brinkley's dry manner and occasional flash of wit. Others prefer Walter Cronkite's business-like, no-nonsense approach.

My own choice is dictated by a preference for rare roast beef and well-done lamb and I find all news shows less satisfying than 30 minutes spent with my evening newspaper. But maybe I'm prejudiced.

ABC has purchased the television rights from the publishing company that owns them and it will be able to show films of the Fisher quintuplets on a Nov. 17 news show.

If the programs already announced for next season really make the air, it will mean that every show currently in sight will disappear, and someone will have to organize a fourth network to accommodate the over-flow.

Plans are in the works for shows planned for the 1965-66 season.

lection of more and more people deciding that a credit card is a respectable and useful document."

The Big Three of the credit card field are Diners Club, American Express and Carte Blanche. Together they represent about 2.5 million cardholders who pay dues of \$8 million annually and account for \$450 million in receivables.

Clark said profits from American Express credit cards this year will be substantial and the company does not break down net income of the cards from other activities. He predicted that credit card volume for 1963 will total \$235 million against \$189 million last year.

Diners Club had \$200 million in worldwide receivables in 1962 and said volume and profit would be up this year.

Carte Blanche's receivables dropped from \$104 million in 1961 to \$85 million in 1962. Current figures were not immediately available.

In addition to the Big Three, there are about 40 bank credit plans remaining out of about 100 which were formed during the initial rush to get into the field.

There also are retail credit card plans which cater chiefly to customers of shopping centers.

Cardholders pay an annual fee for membership. They can charge meals, hotel expenses, etc. The establishment patronized pays the credit card company a percentage and the company bills the member.

The credit card companies provides forms on which the cardholder can designate the time and place and the reason for his expenditure. This furnishes a record for submission to the Internal Revenue Service, which now requires an accounting of expense account expenditures exceeding \$25.

County Tenant Given Job To Vacate Garage

LONE JACK, Mo. (AP)—Jackson County, unable to get a persistent tenant off its property, has joined him.

County officials approved giving Arthur Todd Muncy a job as a county park department mechanic at \$2.10 an hour, starting Dec. 9.

The county acquired land by condemnation on which Muncy's home and business is located Sept. 12, 1962. Since then, the county has erected a museum on the property commemorating the Civil War battle of Lone Jack.

Muncy's home and garage—he is an automobile mechanic by trade—stand within 150 feet of the museum entrance. County authorities had hoped to evict him and tear them down before the museum's dedication Aug. 12. But Muncy, pleading hardship, filed suit.

He draws his repair business from the Lone Jack area, and to make him move elsewhere would hurt him financially, Muncy claims. To ease that, the county agreed to the job. Muncy, as part of the agreement, promises to get off the land by the time he starts work repairing county law mowers and other small machinery.

He refuses, however, to withdraw his circuit court suit seeking more than the \$5,500 awarded by the condemnation commission for his property.

Plans are in the works for shows planned for the 1965-66 season.

Wasp Exterminators Waiting for Results

KANSAS CITY (AP)—Professional exterminators who undertook to destroy several nests of wasps 200 feet up the Liberty Memorial tower expected to learn today whether they succeeded.

The exterminators sprayed the nests for an hour Tuesday after hoisting a one-inch hose up the side of the tower on a rope lowered from the observation platform on top.

When they stopped, the wasps remaining appeared gregarious; but the exterminators said they would not be able to tell until today whether the spray killed them all.

The wasps have prevented

Relief to Drought

RIO DE JANEIRO, Brazil (AP)—Heavy rains dumped more than an inch of water over south-central Brazil overnight, bringing hope for an end to the area's nine-month drought.

Adm. Miguel Magaldi, chairman of the electric power rationing commission, warned much more rain is needed before the city's six-hour daily electric power turnoffs could be suspended.

Besides the power rationing, the drought has lowered drinking water reservoirs to critical points.

use of the observation platform and cost the city several thousand dollars in admission fees.

Bakers Capture Holdup Bandit; Rescue a Girl

KANSAS CITY, Kan. (AP)—Two bakers chased a bandit after he robbed their shop Tuesday and captured him, releasing a 12-year-old girl customer he abducted.

Police said they were holding a man identified as Bernard Leroy Albertson, 41, on charges of robbery and child molestation.

The youngster Charlene Poore, was unharmed. She was taken by the holdup man as she stood at the bakery counter after placing her order for bread and cupcakes.

John W. Miller, 24, and Edward Lang, 62, the bakers, heard the cries of Mrs. Sophia

Trundle, 46, the bakery clerk, and pursued the man and the girl out the door.

"He had the kid tight by the shoulders and wouldn't let go," Miller said, "so I twisted his arm behind him until Lang came up."

Detective Frank Steach said

he took \$41.46 from Albertson that Mrs. Trundle identified as the loot in the holdup.

The incident occurred at the Holsum Bakery Thrift Store, 814 Southwest Boulevard. Charlene is the daughter of Mr. and Mrs. Elmer Poore. Albertson gave no home address.

Boy Never Thought Of Keeping \$5,800

ADRIAN, Tex. (AP)—Clayton Thompson, 16, who quit school and went to work as a ranch hand to help his mother pay medical bills, found \$5,800 Tuesday.

Thompson, who said "it never entered my mind to keep it," turned the money in to officers

at the San Jon, N.M., port of entry.

Mr. and Mrs. Elmer Hughes, moving from Hot Springs, Ark., to Haywood, Calif., discovered the purse missing and claimed it.

They left a \$20 reward for Clayton.

Conservatives Drop Votes, But Hold On

BELFAST, Northern Ireland (AP)—Lord Home's Conservative government dropped more than 12,000 votes Tuesday but held on to a safe seat in a special election for the House of Commons.

Rafton Pounder, Ulster Unionist candidate and a supporter of Lord Home, polled 17,989 votes to defeat Laborite Norman Seear, 7,209, and Liberal Bert Hamilton, 2,774.

The election was caused by the death of Sir David Campbell, who, in the 1959 general election polled 30,164 votes against 9,318 for Labor, 3,253 for the Liberal and 434 for an Irish nationalist candidate.

Rift At Top Of NFO's Officialdom

CORNING, Iowa (AP)—Oren Lee Staley, whose removal as president of the National Farmers Organization has been requested by some members, promised to poll the 26 NFO directors today to see if they will meet and air complaints.

This conditional step was one upshot of a stormy meeting Monday of 250 protesting members who demanded that the national directors meet with their spokesmen not later than Saturday.

Bob Casper of Winterset, Iowa, a former national vice president and a leader of the move, demanded that Staley resign before the national NFO convention in Des Moines in December.

Casper, who was an unsuccessful candidate against the reelection of Staley last year, charged that there is dissension among the present directors and that NFO policies are guided by "irresponsible leadership."

Staley said the protest meeting had been instigated by some "beaten politicians." He expressed belief that most of those attending had been "misled" or were there out of curiosity.

But the livestock withholding action last year was mentioned at the meeting as one of the factors behind the protest.

Staley has been president of the NFO since it was formed in 1955. It seeks to require processors of farm products to sign contracts with producers on what prices they will pay to farmers.

The protest group met in the Knights of Columbus Hall across the street from national NFO headquarters here after a scheduled session with the national board had been postponed indefinitely.

While the meeting was underway, Staley issued a statement that any or all of the protesters were welcome to meet with him in the headquarters.

The protest group refused to go or send a delegation and instead invited Staley to come to the hall. Staley rejected this invitation, calling it "intimidation."

The protest group adjourned its session without receiving any motion that Staley resign.

But 50 members went to headquarters and reported action on the motion demanding a meeting with the national board of directors.

Staley then agreed to poll the board on prospects of having a board meeting.

25th Tevebaugh Reunion Held In Houstonia

The 25th family reunion was held at the Tevebaugh home in Houstonia Sunday.

Present were: Mr. and Mrs. James Duke, Mary Catherine and Jamie, St. Louis; Mr. and Mrs. Loring Turner, Jefferson City; Mr. and Mrs. Charley Stephens, Mendon; Mr. and Mrs. Herman Bondy, Charles and Ann, Mrs. Luther Marshall Stark, Susan Stark, Mr. and Mrs. Clellan Lockard and Joyce, Brunswick; Pamela Stark, Robert Leftwich, Columbia; Terry Landers, Warrensburg; Mr. and Mrs. Ralph Porter, Debby, Paula and Scott, Moberly; Mr. and Mrs. Cloyd Leftwich and Ruth Lynn, Hughesville; Mrs. Lon Stone, Miss Barbara Houchen, Joe Blackburn, Mrs. G. H. Tevebaugh and Miss Mary E. Tevebaugh, Houstonia.

Tax Return Is Due

Kansas City District area employers were reminded today that Oct. 31, 1963, is an important tax date. Acting District Director of Internal Revenue Maurice E. Johnson said it is the deadline for reporting and paying income tax withheld and social security taxes for the calendar quarter ended Sept. 30, 1963.

FRILLS AND FIREWATCHING—Sandra Taylor, 22, scans a beautiful panorama of forests and mountains near Medford, Ore., for signs of fire. A recent graduate of the University of Washington, Sandra is in her third season of fire watching. She hopes eventually to work in her chosen field of journalism. Meanwhile, the 50-foot tower is her home 24 hours a day, seven days a week, with a couple days off every three weeks. Her only trouble is with low-flying jets from a nearby Air Force base that mysteriously appear when she sunbathes.

Construction Aid Measure Is Advanced

WASHINGTON (AP) — The Senate has passed and sent back to the House an amended \$1.9-billion college construction aid bill. But prospects for final enactment still are uncertain.

Eakins was convicted in July of making false statements to a doctor in order to get a medical certificate he needed to keep his pilot's license in force.

Judge Bailey Brown reduced the original five-year sentence to two years of probation.

Appeals To Acting Chief For Hearing

BOISE, Idaho (AP)—A Missouri man who contends he is held illegally on a charge of slaying his wife appealed to Idaho's acting chief executive Monday to hear his case.

Lt. Gov. W. E. Drevlow denied the request. He wrote 31-year-old Charles E. Smith he cannot intervene while Smith has an appeal pending before the Idaho Supreme Court.

The appeal is on Smith's plea for release on a writ of habeas corpus on grounds he wasn't in Missouri at the time authorities charge he killed his wife, Donna Jean. Her body was found in 1961 in a barrel in a lake near Kirksville, where Smith formerly lived.

Smith was picked up in Boise on March 31 when a police officer making a routine traffic

Joplin Makes Budget

JOPLIN, Mo. (AP)—Joplin's City Council approved a budget of \$2,141,573 for the year beginning Nov. 1.

That is \$55,000 less than the present budget. It will leave the tax levy at the same level—\$1.83 per \$100 assessed valuation.

check recognized his face from a wanted poster.

Smith asked Gov. Robert E. Smylie for a hearing earlier, but the governor denied the request. Drevlow is acting governor while Smylie is on a visit to Japan, and Smith's new request was addressed to him.

Smith would have been extradited to Missouri to face the charge, but extradition was blocked pending action on his habeas corpus request.

At the habeas corpus hearing, Harry L. Dodd testified he was with Smith and his wife on a ride from Missouri to Tulsa at the time of the alleged slaying.

Midwest Should Act Collectively With Problems

OMAHA (AP)—Gov. Frank B. Morrison said Monday it is important for states in the Midwest to deal collectively with political, social and economic problems common to the region.

The Nebraska governor made the comment at a news conference following a planning meeting for the second Midwestern Governors' Conference in Omaha Nov. 20-23.

Morrison is host and vice chairman of the conference. The chairman is Gov. William L. Guy of North Dakota.

Governors of South Dakota, Kansas, Iowa, Minnesota, Indiana, Illinois, Missouri, Michigan, Wisconsin and Ohio also are scheduled to attend.

"We have invited the governors of Colorado, Wyoming and Montana to meet with us," Morrison said. "It becomes a foundation on

Washington Capsules

By THE ASSOCIATED PRESS

WASHINGTON (AP) — In the news from Washington:

NO BAIL: After leafing through the law books, the Justice Department finds that Vito Genovese, named by informer Joseph Valachi as the boss of the crime syndicate Cosa Nostra, is ineligible for release from prison while his narcotics conviction is reviewed.

A department spokesman gave this opinion after study of the Supreme Court's order Tuesday that the Federal Court of Appeals in New York consider the case of Genovese, whom Valachi contended was still ruling the rackets from prison.

The Justice Department said that until the lower courts act, the 1959 narcotics racketeering conviction remains in effect and that Genovese must continue serving his 15-year sentence at Leavenworth, Kan., federal prison.

NO FUSS: Secretary of State Dean Rusk had a face-to-face meeting Monday with the Senate Internal Security subcommittee over the Senate's right to obtain information from State Department aides.

Although a clash had been expected over the department's plan to fire Otoo F. Otepka, it apparently failed to materialize.

The department accused Otepka, its chief evaluator of personnel security risks, of violating regulations by slipping copies of some secret documents to the subcommittee.

"There was no row," said Sen. Thomas J. Dodd, D-Conn., the acting chairman, after the two-hour closed meeting.

AID FOR INDIA: The United States is considering giving India material to equip two more mountain divisions but has made no final decision, the State Department reports.

Indian officials indicated over the weekend that Washington has agreed to provide the equipment so that Indian could increase the number of mountain divisions from six to eight.

But State Department press officer Robert J. McCloskey said Monday that no commitment has been made.

UP AGAIN: A \$600-billion-a-year economy appears to be a sure thing by early next year.

The President's Council of Economic Advisers has disclosed a surprising gain of \$8.9 billion in the production pace last quarter, boosting national output to a record rate of \$588.5 billion a year.

According to the council's "Economic Indicators" published Monday, the summer rise was easily the largest in any quarter since the fall of 1961 when the recovery from the business recession first bloomed.

However, officials discounted the chance that the sharp pickup would hurt congressional prospects for President Kennedy's \$11-billion tax cut bill, designed to help stimulate the economy.

Could Not Make Military History Without Woman

BERGSTROM AIR FORCE BASE, Tex. (AP) — The Army and Air Force could not make military history here Monday night without the helping hand of a woman.

Aboard the first jet transport taking the main body of 2nd Armored troops to Germany was S. Sgt. Yvette R. Thorn of Morrisville, N.Y., and eight-year veteran of the Air Force.

Miss Thorn — "Just call me sergeant" — was stewardess for the nine-man Air Force crew and for the 75 soldiers and officers.

"Don't worry — I can take care of them," she said before the takeoff.

"I did not ask for this assignment but am certainly delighted I got it," she added.

World News In Brief

By THE ASSOCIATED PRESS
LONDON (AP) — A hearing is being held to determine whether Sir John Hobson, Britain's attorney general, violated professional ethics in the deportation case of an African chief.

It is believed to be the first such arraignment of an attorney general, Britain's chief legal officer.

The chief, Anthony Enahoro, was returned to Nigeria last May and sentenced to 15 years in prison for treason.

The masters of the bench of the Inner Temple, one of four British Inns of Court responsible for maintaining the ethics of the legal profession, opened a private hearing Monday on charges by Reginald Paget, Labor member of Parliament, that Hobson presented an inaccurate and misleading affidavit in the case.

DUNLOON, Scotland (AP) — The commander of the U.S. Polaris submarine base in Holy Loch says his men aren't entirely to blame for any increase in local immorality.

Capt. David Bell said the behavior of U.S. sailors is no worse than that of British sailors in the area.

The Rev. Allan MacLeod told his Presbyterian congregation Sunday there had been an increase of immorality since the Americans arrived. Bell said he was reminded "the reverend for blaming my men for all this trouble."

He said the Dunoon Town Council had contributed to the situation by not providing recreational facilities for the men.

BEIRUT, Lebanon (AP) — Lebanon has ordered its border patrols to shoot any infiltrators from neighboring Syria.

Four Lebanese soldiers were killed in a weekend border clash.

JAKARTA, Indonesia (AP) — The Indonesian air force now has air-to-ground and air-to-air guided missiles, the official news agency announced today.

Antara said the air-to-ground missile could be launched from long-range Soviet-supplied TU16 bombers and the air-to-air missile could be fired from MIG21 fighters.

According to the council's "Economic Indicators" published Monday, the summer rise was easily the largest in any quarter since the fall of 1961 when the recovery from the business recession first bloomed.

However, officials discounted the chance that the sharp pickup would hurt congressional prospects for President Kennedy's \$11-billion tax cut bill, designed to help stimulate the economy.

Take Dim View To Naming Dog As a Chairman

LONDON (AP) — A local chairman of Britain's Liberal party took a far from Liberal view today of a group of young Liberals who elected a dog as their chairman.

The dog — a 6-year-old mongrel — is named Bruno.

"It was a gross piece of stupidity," said Eric James, "and it's embarrassing to the party."

James is ward chairman of Britain's third party in suburban Teddington. The young Liberals in his ward nominated and elected the dog.

"The parliamentary way out of this mess," said James, "is to pass a resolution of no confidence in the dog. He would then be relieved of his duties."

He promised such action, probably next week.

The chairmanship of the Teddington Young Liberals came vacant and "no one was prepared to fill the post," said the dog's owner, David Crawford, 22. "So for a joke, I nominated Bruno."

"Bruno was democratically elected," Crawford continued, "and the appointment was duly recorded in the minutes. I'm terribly sorry if this has caused trouble."

People In The News

By THE ASSOCIATED PRESS

ATLANTA (AP) — Peace and prosperity will win for John F. Kennedy in 1964, says James A. Farley, an expert on presidential campaigns.

Farley, who managed Franklin D. Roosevelt's winning campaigns in 1936 and 1940, says the civil rights issue will cool off before next year's election.

He told a news conference Kennedy would win a second term by campaigning on a strong international position which has maintained world peace and an improving domestic economy.

Reporting to the nation on his trip, Lemass said in a television speech that prospects for valuable business ties with the United States are good.

DUBLIN (AP) — Prime Minister Sean Lemass, recently returned from a visit to the United States, says "the atmosphere of cordiality and friendliness toward Ireland there was very noticeable."

Reporting to the nation on his trip, Lemass said in a television speech that prospects for valuable business ties with the United States are good.

Carpenter, 38, told a news conference the 14 new astronauts have youth on their side then added:

"I think the thing that has to be taken into consideration is the experience gained by Project Mercury astronauts — which these younger astronauts don't have yet."

WASHINGTON, D. C. — Alaska has more land and fewer people than any other state.

Is there any chance that her population will ever approach that of her more densely populated sisters?

"I hope not," says Senator Ernest Gruening, D-Alaska.

"One of the great charms of Alaska is the fact that there are relatively few people there," Gruening said in a radio interview.

Reporting to the nation on his trip, Lemass said in a television speech that prospects for valuable business ties with the United States are good.

No job is too complicated for us. Our work is expert, prompt and courteous. Whatever we install or repair, we service and guarantee! Call us today.

Nam President Ngo Dinh Diem, replied: "It is the same the world over."

The exchange was reported by Rep. William S. Broomfield, R-Mich., a member of the House Foreign Affairs Committee, which recently visited Saigon. Broomfield wouldn't say who asked the blunt question.

Mrs. Nhu, an outspoken critic of U.S. policy in Viet Nam, is touring the United States.

Italy Is At Political Crossroads

By PIETRO DE GARZAROLLI
ROME (AP)—Italy is at a political crossroads.

A socialist party congress opening Friday may have a crucial bearing on the kind of government that will rule this NATO-aligned country in coming years.

Premier Giovanni Leone's government, formed as a stopgap Cabinet, is expected to resign early in November.

The Socialist congress may go a long way toward determining what happens when Leone quits—whether Italy resumes its experiment in left-leaning government, turns right, or holds another election less than a year after last April's general elections.

Few party congresses in recent Italian history have cast so great a shadow over Italian politics.

The issue is whether the 550 delegates will follow Pietro Nenni in his effort to guide the party into political alliance with Christian Democrats, long the dominant party.

A powerful pro-Communist faction in the Socialist party is trying to block Nenni, or at least force him to pose conditions that might give the Christian Democrats second thoughts about working with the Socialists.

Nenni, 60 years secretary-general of the Socialist party, ran up against a revolt last June which blocked efforts to force a new left-leaning coalition government with Aldo Moro as premier.

Moro was to have replaced Amintore Fanfani, who had also had Socialist backing in Italy's first "opening to the left" government. Big Communist gains and Christian Democrat losses in the April elections ended Fanfani's hopes of staying in power.

When Moro failed, Italy was left in political turmoil. Leone agreed to become premier to get necessary budgets through Parliament and to handle routine affairs pending the Socialist congress.

Nenni wants that congress to give him a green light to deal once again with Moro. He also wants the assembly to demonstrate clearly that the Socialists have turned their back on communism.

If Nenni gets what he wants, Moro is expected to form a new center-left government backed by the Socialists in Parliament. It would be a government with about 60 per cent of the seats in Parliament.

If this fails, new elections may be held immediately unless Christian Democrat leaders do a complete about-face and try a center-right coalition government.

Socialists were allies of the Communists for years. Nenni began steering his party away from the Reds when Soviet troops crushed the 1956 Hungarian uprising.

Nenni and his supporters became known as the "autonomists" because they argued the Socialists should go it alone, without further ties with the Communists. Pro-Communist Socialist faction became known as the "carristi", from the Italian words "carrí armati," or armed cars, — a reference to Soviet forces used in Budapest.

Although Nenni's autonomists have had a majority in the Socialist party, its members have continued to work with Communists in labor unions and in local governments.

Breakneck Journey Found Unnecessary

HOUSTON, Tex. (AP)—A scarlet, double-decker London bus ended a 600-mile dash from Memphis, Tenn., to Houston only for its crew to find their breakneck journey unnecessary.

The No. 11 Routemaster, on a goodwill tour, was racing to catch a ship for home. After arriving here Monday, the drivers found the sailing date was today—24 hours later than they thought.

STATE FARM HOME—The new home for the State Farm Insurance Co. Sedalia offices will open about Nov. 1, according to William C. Hopkins, Central Missouri District Manager. The Temple-Callison Co. is the base contractor, and George R. Thompson is doing the building. The structure contains 2,700 square feet of floor space, and will provide office space for the district claims offices and local agents. The claims of-

ice will move here with three claims agents and one secretary. Ten years ago State Farm had one agent here, according to Hopkins, and when the new building opens there will be ten people, including the claims office personnel and six local agents. The building is at 2111 West Broadway. (Democrat-Capital photo).

Vast Amount of Attention On a Particular New Boss

By IRISH DONNELLY

NEW YORK (AP)—A new boss always attracts attention, but an extraordinary amount focused on Lawrence N. Houson.

It was expected. When he was appointed director of the New Jersey Highfields project for rehabilitating juvenile offenders, Houston became the first Negro ever appointed superintendent of a state institution in New Jersey.

Houston moved into the post at Hopewell after five years as psychologist at a New Jersey reformatory.

His is only one example of the appointment or election of Negroes to state or municipal posts in recent months. Negro clamor for recognition and job equality was a factor in some cases but not in all.

In St. Louis, the Rev. John J. Hicks became the first Negro elected president of the city Board of Education.

In New York, Manhattan Borough President Edward R. Dudley was elected without opposition as chairman of the New York Democratic County committee, the first Negro to hold the ceremonial post.

A year ago, Ross L. Morgan of the Port of New York Authority police became the first Negro to reach captain's grade in the 1,200-man force.

Now he has scored another first for his race: he has been named head of the 100-man po-

lice force at Idlewild Airport. He will be responsible for keeping peace at the airport where 35,000 persons work.

In Albany, N.Y., Lawrence W. Pierce, a deputy New York City police commissioner, was appointed director of the State Division of Youth.

Other examples of Negroes' appointment or election to important posts:

BACKGROUND OF THE NEWS AP SPECIAL REPORT

Los Angeles—Leslie N. Shaw, acting postmaster of Los Angeles. He is vice president of a savings and loan association.

San Francisco—Dr. William J. Cobb, a civic leader, the city's first school department human relations officer. He is the first of his race to become a school administrator in the San Francisco Bay area. His task is the elimination of racial tensions in the city's schools.

Oakland, Calif.—Aramis M. Fouche, city library commission. A businessman, he was the sixth Negro named to Oakland boards and commissions.

Sacramento, Calif.—Joseph Kennedy from the State Industrial Accident Commission to a San Francisco judgeship.

Lansing, Mich.—Damon J. Keith, a Detroit attorney and active Democrat, co-chairman

of the state's new civil rights Commission; State Supreme Court Judge Otis N. Smith. Twenty Negroes have been named to state posts or advisory commission jobs by Republican Gov. George Romney since Jan. 1.

Cleveland, Ohio—William Walker, publisher of the Cleveland Call & Post, became the first Negro of cabinet rank to

wrestling coach and football assistant at University of Omaha—the first Negro to hold a head coaching post at the university.

Seattle, Wash.—The Rev. Samuel B. McKinney, pastor of Mount Zion Baptist church—largest Negro church in the city—and painting contractor John Allen, members of the new 12-man Seattle Human Rights Commission.

Austin, Tex.—Phillip Crawford, Austin attorney, one of 90 assistant attorneys general for Texas.

Phoenix, Ariz.—The Rev. G. Benjamin Brooks, vice chair-

A 12-inch Custom LP High Fidelity Recording Featuring
**Favorite
Christmas
Carols**

from the
"Voice of
Firestone"

\$100

Only

This 33 1/3 RPM Collectors' Album, specially made for Firestone, is the same high quality as those which normally sell for \$3.98 and \$4.98. It features the 12 most popular Christmas carols, performed by Rise Stevens, Brian Sullivan and the Firestone Symphony orchestra and chorus. Don't wait... quantities are limited!
